Road Dept. Will Okeh Federal Route 441 Running Through Glades Towns

A delegation from the Glades last week heard members of the State Road Department in session in Panama City say they would recommend that Federal Route 441 run from Holopaw to Canal Point to Pahokee to Belle Glade to Six Mile Bridge to Twenty Mile Bend to Rangeline Road and into Miami. As an alternate the SRD members said they would recommend a route from Holopaw to Canal Point to Twenty Mile Bend to Rangeline Road and into Miami.

Appearing before SRD members were the following: Mayor Lewis Friend of Pahokee, Mayor Harold Rabin of Belle Glade, A. E. Kirchner of Belle Glade, R. E. Hottard, president of the Belle Glade Chamber of Commerce, Russell Fisher and C. E. Crichtfield of South Bay. Mayor Friend in commenting upon the delegation's appearance before the SRD group said: "I feel that the road department will go along with us in our request. If the road is so designated we will have many, many tourists coming through our Glades towns. I feel that it is a step in the right direction to bring more people through the rich agricultural section here on the eastern shore of Lake Okechobee."

Garland Steele Is Victim Of Burns

Garland Steele, 19, of La Grange, Ga., died early Friday morning at the Everglades Memorial Hospital from burns received when three gasoline drums exploded at a construction job on State Road 15 north of Port Mayaca Thursday night of last week.

Steele, a member of a bridge construction crew, discovered a leak in a gasoline drum and in attempting to plug the leak his clothes were sprayed with gasoline and ignited by nearby road flares. Three drums of gasoline exploded in the resulting blaze.

Mr. and Mrs. M. P. Hogan of Perrine who were driving by at the time of the accident brought the stricken young man to the hospital in Pahokee.

Survivors included his parents, Mr. and Mrs. Will Steele; four sisters and four brothers, all of La Grange. The body was sent by Barry's Funeral Home to La Grange for funeral services and burial.

Rep Cowart Moves His Laundry New Home

Rep Cowart has moved his laundry and dry cleaning plant from the spot near the city hall to more spacious quarters formerly occupied by B. Elliott's paint and body shop, next door to the Elks Lodge in Pahokee.

Through the years that Rep has been serving the Pahokee and Canal Point community he has built up a wide patronage and his many friends will be glad to know that he is located in larger and more convenient quarters.

Mrs. Kaltenbruner Dies In W. Palm Beach

WEST PALM BEACH — Mrs. Ella J. Kaltenbruner, 70, of 315 Fern st., resident of Palm Beach county since 1917, died Wednesday at a hospital after a long illness. She had lived in West Palm Beach and Lake Worth for the last seven years. Before that she lived in Pahokee.

Surviving are her husband, Andrew, and three sisters and two brothers in the north.

The Mizell-Simon-Faville Mortuary will announce funeral plans.

Diamond Ball Is On Schedule For This Summer, Pahokee

The Pahokee Diamond Ball League is functioning after being reorganized by interested organizations which are sponsoring organizations for play. The first games are scheduled for last night on the field at the recreation park. The Elks lodge donated \$95 to pay for light bulbs which were needed before the night games could be started.

Six teams will participate in play this summer with two games scheduled for each Tuesday and Thursday night.

The six teams are as follows: Standard Oil, Stanley Chevrolet, Elliott-Lynn Motors, Jones Hardware, Florida Power and Light Company and the Bank of Pahokee.

DONNELL TAKES OVER AS DEMOCRATIC HEAD

In the sunlight-drenched air-conditioned Ocean Room of the Sheraton Plaza hotel in Daytona Beach at exactly 1:21 p. m. Monday, the last remnants of the Pepper-controlled State Democratic Executive Committee were tossed into limbo when Presiding Vice Chairman Mrs. Lucille Tally of Tavares handed over the gavel to newly-elected Smathers-Supporter Chairman E. B. Donnell of West Palm Beach. The transfer of authority followed a spirited election in which the former circuit judge won a thumping victory over the group that had ridden high, wide and handsome in the Pepper limelight for more than a decade.

For 48 hours preceding the election the three candidates for the chairmanship — and their brain-trusters — had figured and re-figured, polled and re-polled, maneuvered and remaneuvered in an effort to crown their candidate with the victorious mythical crown of authority over the Democratic party in Florida.

Valerie Geiger Is Talent Scout Nite Winner At Prince

Malcolm Millar presented his Talent Scout Night show Thursday night at the Prince Theatre to a capacity crowd that was enthusiastic in applause for every act presented by Malcolm, who acted as Master-of-ceremonies.

Show opener was Clark Womack, winner of Belle Glade Talent Scout Night of 1949, who offered "It's Magic", in a masterly manner. Judy Howard's ballet number "The Snowflake Dance" was charmingly presented and well received. Stella Sue Barnes, at the piano, offered "Bombo Boogie", which drew a handsome hand. Lucy Ann Rockwell gave a ballet presentation, "The Rainbow Dance", which delighted the audience. Jackie Sullivan was received with thunderous applause with his offering "My Son Calls Another Man Daddy," and Valerie Geiger closed the show with "I Said My Pajamas." Her charming personality and manner of delivery won the crowd instantly.

Prizes for best presentation were \$10 first prize, which went to Miss Valerie Geiger and \$5 second prize which was taken by Jackie Sullivan.

Malcolm received many compliments for his first offering. He stated he is putting next week's show together and it looks like a sure winner.

The tea plant is an evergreen tree. If it was allowed to grow it would become as tall as a maple tree. Since it is kept trimmed it grows only to a height of about four feet.

dampened in political waters for the first time — were enthusiastic in their support of State Representative J. B. Hodges of Lake City. (Home of the late Fred P. Cone who was an ardent supporter of Senator Claude Pepper.) Hodges supporters spread his gospel of youth, vigor and solidarity among Florida Democrats. Young Hodges wanted to be chairman of "a united party and not a referee of a divided group."

Another type of candidate completely was quiet, retiring, pleasant Vasco Peoples, member of the county commission in Punta Gorda. His workers eased among the crowd of delegates and visitors with a finesse that was charming. They offered a man who wanted only to serve as leader, to give his time toward solidifying the badly-rent party forces — a man who would make a valiant effort to cement the party forces into a solid block of Democratic votes in November.

Mother Of Local Woman Dies In Iowa

Word has been received here of the death of Mrs. Nellie Sudberg at her home in Laurens, Iowa, on Tuesday, June 20. Mrs. Sudberg is the mother of Mrs. Frank M. Wilson of Canal Point. Mrs. Wilson and daughter, Frances, left Canal Point several days ago for Iowa and she was at the bedside when her mother passed away.

Local Lions Have Two New Members

Leonard T. Quattlebaum and J. G. Barker were received as new members of the Canal Point Lions Club at the regular dinner meeting Monday night. They were inducted into Lionism by Manning I. Keen, past president of the Pahokee Club, who was a visitor.

Boyd Vorhies, new president of the club, who will assume his duties of office on July 1, named chairmen of standing committees as follows: attendance, Oseola Upthegrove; constitution and by-laws, Cosby Crews; Lions convention, Alton Jones; finance, Albert Fremd; Lions information, C. W. Ammons; membership, G. A. D. Echols; program, A. R. Harrington; publicity, Paul Rardin; citizenship, Charles Gallic; boys and girls work, D. L. Hooks; civic improvement, J. G. Weeks; community betterment, G. L. Sims; education, T. W. Griffith; health and welfare, W. A. Adams; safety, F. W. Cross; sight conservation, Floyd Erickson; and club greeter, Rev. Earl J. Jones.

A piano solo was played by Joseph Harrington of Valdosta, Ga., nephew of A. R. Harrington, retiring president. Other visitors included Melvin Spooner of Pahokee and Rev. C. J. Smiley, new pastor of the Canal Point Missionary Baptist Church.

Pahokee Lions Have New Set Officers

Pahokee Lions at their Tuesday luncheon meeting voted to have their new president, Thomas Baldwin, and other newly elected officers assume their duties of office at the next meeting on June 27. According to the club's constitution and by-laws the officers must be for the new officers to take over their offices is July 1, however, since most of the old officers are away on vacations the activities of the club have become stalemated and the group was of the opinion the sooner the new officers started officiating the better for the club.

The tallest trees in the world are the giant Sequoia trees of California and the Eucalyptus trees of Australia.

(From Clewiston News)
The Clewiston sub-office of the Corps of Engineers has been given jurisdiction over all construction and operational activities pertaining to the Central and Southern Florida Flood Control project in a general reorganization of the Jacksonville district which was completed this week.

The new organizational shake-up means an increasing activity centered in the Clewiston office as the construction work on this large project progresses.

In the reorganization the Tampa sub-office has been abolished and the activities have been reduced by transferring all operational and construction activities to the Clewiston sub-office.

In connection with the general reorganization a number of changes in the organizational setup was found necessary. W. A. Read, who has been engineer in charge of the Tampa sub-office for 20 years, and who has been 31 years in the employ of the Corps of Engineers, has been assigned to replace A. R. Broadfoot as engineer in charge of the Clewiston sub-office. Mr. Broadfoot is assigned as assistant to the engineer in charge at Clewiston.

In addition to the regular maintenance, operation and care of the Lake Okechobee levees and control works the Clewiston office will handle all construction and operational activities pertaining to the Central and Southern Florida Flood Control project. Resident offices on the project will be under the jurisdiction of the Clewiston sub-office.

At the present time, the only additional personnel will be a few clerks in the office. These will be transferred from the Tampa sub-office. But as time goes on and work on the project progresses, there will be a heightening of activity at the local office.

The new engineer will arrive in Clewiston next week to take charge of the local office. He is now enjoying a short leave.

Mr. and Mrs. Read are not unknown in Clewiston, as he was stationed here for a few months in the early part of the war. Mr. and Mrs. Read resided here for several months, and then returned to Tampa.

Pahokee P O Will Try Wednesday Closing

Pahokee Postmaster Ed Jensen said yesterday that he plans to close the Pahokee office on Wednesday afternoon if it does not inconvenience too many people. He asks that after a few trial closings on Wednesday that those who have been inconvenienced let him know about it.

News Notes From State Capital

TALLAHASSEE—Report that the sale of scholastic credits at Florida A. and M. College for negroes has been made to the State Board of Control. It was signed by J. J. Elliott, special investigator for Governor Warren, and by James B. Toney, special counsel for a legislative investigating committee. Three former employees were arraigned in Tallahassee this week on charges of embezzlement, in connection with the disappearance of much war surplus property from the college, including 360,000 rolls of toilet paper. The Board of Control is expected to order a thorough investigation of the suspected sale of credits.

TALLAHASSEE—Further development in the gambling situation:

Charges by Governor Warren that a daily newspaper article that he has a full report on Palm Beach County gambling is "false and untrue."

Public hearing by the State Railroad and Public Utilities Commission on charges against the Suburban Club apartments of Miami by Attorney General Ervin that its telephone switchboard was a relay point for the S. and G. book syndicate.

Resignation of Tampa's Chief of Police J. L. Eddings, and demands from Key West ministers for investigation of gambling suspects in the Island City.

TALLAHASSEE—Florida Bus Association, Inc., has been incorporated here to unite nearly 80 passenger bus operators of Florida in devising ways of improving service to the public. Incorporators are Eugene M. Weaver, Vernon L. L. Adams, Jr., Red Adams Bus Line, Miami; Wayne F. McDunkin, McKinley Truck and Bus Line, Jacksonville; Sidney M. Swann, Orlando Transit Company; Nelson L. Whyte, Coast Cities Coach, Miami; J. A. Whiting, Sarasota The Association will have its principal office here. First annual meeting for the election of officers will be held in Orlando early in July.

TALLAHASSEE—As the State Road Department meets in Panama City to let an estimated \$5,000,000 worth of contracts, Governor Warren declared that 204 road and bridge projects already have been started in the 1950 program. These are under the \$79,000,000 budget, with 596 projects proposed in the program is work on 821 miles of rural roads, part of the \$14,000,000 program on farm-to-market roads in Florida financed by gasoline taxes.

TALLAHASSEE—The new \$1,250,000 dial system and exchange to serve Panama City and that part of the Gulf Coast was formally opened Saturday night with Chairman Wilbur C. King of the Florida Railroad and Public Utilities Commission in attendance. Southern Bell, which operates the exchange, announced that this was one of several important advances to be made in public service this summer. The telephone company also declared that it will adopt the Commission policy of eliminating long distance tolls between Panama City and the communities of Lynn Haven and Panama City Beach. Southern Bell has begun abolishing tolls in other sections between cities and their suburbs, notably around Jacksonville, Miami and in Palm Beach county.

ARREST—Conservation officer

is entitled to same arresting fee as sheriff, but cannot collect mileage where prisoner reports to court himself.

INSANITY—Residence requirement is waived when court commits an insane person who has been acquitted of a criminal charge.

SCHOOLS—Where law requires teachers to retire at 70, school board may not require one to retire at 65.

JOBS—Veterans' preference in merit system examination will go to applicants for executive director of Florida Industrial Commission but not Director of Workmen's Compensation Division.

INSURANCE—State cannot use public funds to help pay group life, health or accident insurance for state employees.

HOMESTEAD—Federal employees working in Washington may be entitled to homestead exemption on Florida homes.

MOVIES—Motion pictures shown in bars or hotel lobbies as free entertainment may not be licensed as places of amusement.

TALLAHASSEE—A new 350-bed hospital for tuberculosis victims in north and west Florida has been assured here, by a federal grant of \$750,000. W. T. Edwards, chairman of the state TB board, announced it will be built on one of the numerous hills around Tallahassee, not far from the new \$2,000,000 Tallahassee Memorial Hospital and between the Jacksonville and Miccosukee roads. The present sanatorium at Marianna will be used for convalescents. State funds for the new hospital are derived from portions of the cigarette tax not allocated to cities. A 350-bed sanatorium soon will open in Lantana, and another is planned for Tampa.

TALLAHASSEE—Governor Warren continued to maintain public neutrality as the Florida Citizens Commission elected a new chairman, W. F. Robinson of Leesburg. Two of its members resigned (Loren T. Rice of Lakeland and Tom Turbulla of Winter Haven) as the Commission began study of means of protecting the 1949 citrus code. Election of Robinson is believed to heal the branch between Warren and C. V. Griffin of Howey-in-the-Hills. However, Henry W. Balch, former Orlando newsmen, continues to maintain an office here, although he has moved to Howey to become public relations officer for the Howey organization, succeeding the late Dodge Taylor.

TALLAHASSEE—More than \$8,000,000 which once went to schools and state government was collected from the cigarette tax in six months since the 1949 legislature changed its allocation, and today is distributed \$6,000,000 to cities and \$2,000,000 to build state tuberculosis hospitals. In spending this money, the Florida Supreme Court has ruled that cities cannot use it to build recreation facilities or auditoriums. It can only be applied, the court held in a Pensacola case that is controlling on other cities, to governmental functions which otherwise would be performed by state or county outside of cities, such as street and road work, sewers, drainage, public health and protection.

TALLAHASSEE—Further cut in train service between Higo Springs and Perry is being considered by the Florida Railroad and Public Utilities Commission, after receiving testimony that the

Atlantic Coast Line railroad is losing money on the operation, and will give acceptable service three times a week. Declarations from affected counties protested that movements of watermelons in season, logs and phosphate would be slowed down. The Commission stood firm on another railroad decision, declining to slow down the new, fast Gulf Wind of the L. and N. by ordering a passenger stop at Chipley. The Commission noted that the Gulf Wind is an improved passenger service across North Florida; that traffic from Chipley does not warrant the delay such a stop would cause, and that if the train were ordered to stop at Chipley, other communities could also call for stops and the entire operation would be reduced to a local train.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his opinion on the following general subjects:

BALLOTS—Voter must put a cross mark on his ballot, not a check mark. Ballot boxes may not be opened until after the succeeding general election, and contents are to be kept for two years after primary elections.

FIREMEN—Volunteer firemen may participate in state relief and pension found if serviceable equipment worth more than \$5,000 is available.

FISHING—County commissioners may condemn land to build roads giving access to locations for pleasure or commercial fishing.

LEGISLATURE—Member of Miami city commission must resign next November to take a legislative seat to which he will then be elected.

SCHOOLS—Trustees have no authority to prepare district school budget.

OPTICIAN—State may not license dispensing optician without examination.

SCHOOLS—The county school board, not the superintendent, hires and fires employees other than teachers.

LIQUOR—Where an applicant for liquor license in a wet county satisfies state and county requirements, a city cannot refuse to give him a license.

RACING—Under local law, Lafayette county must pay 5 percent of state racing taxes to the county veterinarian.

TALLAHASSEE—In the wake of the elections, the state beverage department was coming under heavy fire, principally from sheriffs and chiefs of police. Director Lewis M. Schott was valiantly defending his agents from charges of intimidation of negro voters in Volusia county, stealing a hog in Palm Beach county, getting crossed up with Polk county police. Schott claimed the Volusia county charges were made by convicted bootleggers in attempts to embarrass his department.

TALLAHASSEE—Lester Lewis of this city is the new federal court marshal at \$6,600 a year, succeeding the late J. B. Royal, who died three weeks ago. Marshall Lewis has been a court attaché, is a native of Taylor county and is 46 years old.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his official opinion on the following subjects:

CHECKS—Person holding worthless checks from another can be prosecuted if he attempts to cash it, knowing it to be worthless.

LAWYER—Where one member of law firm is city judge, another member of same firm can be appointed city attorney, but cannot practice in city court.

DRIVING—Driving an automobile faster than 60 miles an hour in daytime or 50 at night is not, of itself, reckless driving.

HEALTH—County health units may build and sell septic tanks and privy superstructures where necessary to carry out health and sanitary standards.

WIFE—Wife of diplomat resident of Orange county who has been assigned to foreign country

is "resident" entitled to tuberculosis sanatoria treatment.

Record Letting By SRD In Panama City

PANAMA CITY—Bids on over five million dollars worth of highway and bridge construction, one of the largest totals in Florida's history, were opened here by the State Road Board last week. Estimates were handled on 33 projects. The next contract letting is scheduled for July 5 at St. Petersburg with Manatee County, Alfred McKethan road board chairman, said.

Hattons Plan Trip To Far Away Alaska

Mr. and Mrs. Joe Hatton, Sr., and children plan to leave this weekend on a summer tour to Fairbanks, Alaska, some 5,500 miles away from the shores of Lake Okeechobee. Joe Hatton, Jr.,

and family, who are now visiting in Houston, Texas, will join them at Yellowstone National Park and they will all make the trip together from there if present plans work out. Their route over the Alaskan Highway north from Edmonton is reported to include 2,000 miles of gravelled highway. They expect to be gone 60 days.

Boys And Girls At "State" In Tallahassee

Willard McCurdy of Pahokee and Frank Rosenberg of Canal Point are among the many high school students throughout the state who are attending the Legion-sponsored Boys State in Tallahassee this week.

When the boys release the reins of government this weekend the girls will move into Girls State on Sunday. Canal Point will be represented at Girls State by Patsy Maxson and Pahokee, by Anna Lee Hurt.

According to latest reports the Langford-Hall combination, who own and operate a beautiful cottage camp at Jensen Beach, known as "Langford-Hall", will be forsaking the beach shortly for Hollywood and play-acting. It is reported both Miss Langford and Jon Hall have been assigned to five year contracts. Bing Crosby returned from his vacation in Paris. Rumor has it that he and Dixie are about to unlink the chain, but Bing denies this emphatically. Frank Sinatra, you remember, has been over the pond to see Ava Gardner, but the two crooners never met on the other side. I read in the papers that Mary Astor's daughter just married a very charming looking fellow. . . . You'd never know Mary was THAT old when you see her on the screen. The official East Germany "blabbermouth" — pavdon, newspaper announces that Dorothy Lamour is in Germany to teach manners to "rowdy American Colonial soldiers." Bet some of those Roosies would like to join that class! James Brown is former Texas municipal courts tennis champ. . . . He is to be seen with Wayne Morris, Bruce Bennett, Bob Hutton and Janis Paige, the latter playing her first death scene in the picture "The Younger Brothers" in technicolor which moves into the Prince Theatre for a two day run . . . Sunday-Monday. See you at the movies—Mal.

Work On New Legion Building Progressing

Members of Fred and Percy Mansfield Post 90 at a meeting Monday night discussed plans for completing their new Legion Home which is now under construction on East Main Street.

Most of the construction work on the concrete block building is being done by the Legionnaires themselves. Tuesday afternoons, from 4 p. m. until dark, and Saturdays were designated as work periods on the structure for members of the Post. Work is now progressing on the roof. The group expects to have the roof finished, windows installed and enough of the interior work done to be able to hold meetings in the new home by the first of August.

It was announced that Willard McCurdy, Pahokee High School student, left Sunday for Tallahassee to spend a week at Boys State

under the sponsorship of Post 90 Carmen Salvatore, Jr., commander, presided at the meetings.

Kansas Buys 4,700 Acres At Okeechobee

OKEECHOBEE — A Kansas cattleman has followed the example of a group of Utah investors in Florida ranch land.

Gordon Mark of Abilene, Kan., former state legislator and member of the Kansas City Board of Trade, has bought 4,700 acres north of here. It formerly was owned by John R. Edwards of Okeechobee.

Mark, who has more than 1,000 head of cattle in Kansas, said Florida offers unbeatable natural advantages for anyone interested in raising beef.

Try this your stereoscope!

WHEN THIS "VIEWER" was in the parlor, folks used to look at pictures like these.

They'd spend many an hour gazing wistfully at scenes of places they'd like to visit, things they'd like to do.

But, today, there's an invention that beats these stereoscopic pictures all hollow. No—it isn't television.

It's the Payroll Savings Plan—an automatic

method of saving that all but puts you on that liner and says "bon voyage."

So simple, so painless, so sure—the Payroll Savings Plan sets aside a small part of your earnings each and every pay day, puts it in United States Savings Bonds.

And those bonds grow and GROW. In ten short years they pay you back \$4 for every \$3 you put in today.

A self-fattening investment—guaranteed by Uncle Sam—that will let you do things for your family and for yourself that you could never do without such a convenient plan.

And, if you're not on a payroll, there's the equally convenient, equally profitable Bond-A-Month Plan at your bank.

No matter how you look at them, U. S. Savings Bonds help to picture a bright, happy future!

Christian Science Society

CHURCH OF CHRIST, SCIENTIST

"CHRISTIAN SCIENCE" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, June 25.

The Golden Text is: "How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace; that bringeth good tidings of good, that publisheth salvation" (Isa. 52:7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works."

"Study the shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth" (II Tim. 3:16, 17; II Tim. 2:15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In following these leadings of scientific revelation, the Bible was my only textbook. The Scriptures were illumined; reason and revelation were reconciled, and afterwards the truth of Christian Science was demonstrated" (110:13-17).

Singers Will Meet Sunday Afternoon

Mrs. Carrie Singletary, secretary, announces that the singing convention will meet at the Landmark Baptist Church in Canal Point at 2:30 o'clock Sunday afternoon. Singing will be enjoyed until 5 p. m., Mrs. Singletary said.

Baptist Women In Missionary Meeting

The Pahokee First Baptist Woman's Missionary Society met at the church Monday afternoon with the Lottie Moon Circle in charge of the program and Mrs. Ralph Grimes, president, presiding.

Mrs. Grimes named Mrs. Hoke H. Shirley, chairman, Mrs. T. F. Baldwin, Mrs. Ellsworth Keen, Mrs. Leon Burnett, Mrs. David Unwin and Miss Elizabeth Carway on a committee to nominate new officers. Mrs. Robert O. Lampi was named assistant librarian. Mrs. R. L. Parker was appointed social chairman, replacing Mrs. A. C. Santo who moved recently with her family to Orlando.

Miss Elizabeth Caraway presented the devotional program, "Young People and Missions." She was assisted by Mrs. Lampi, Mrs. G. C. Connell and Mrs. J. C. Cook. Children of the Sunbeam Band presented a playlet, "Mother Goose and Her Missionary Family," with Mrs. Ellsworth Keen acting the part of Mother Goose.

Senior Choir Has Barbecue Supper

Members of the Pahokee First Methodist Senior Choir enjoyed an outdoor party and barbecue supper at the home of Dr. and Mrs. L. W. Armstrong on Bacom Point Road Tuesday night, with the losing team of the recent achievements contest conducted by the choir acting as host. Mrs. Armstrong and Mrs. R. W. Sanders were in charge of party arrangements.

On the program of entertainment Alvin Armstrong presented an amateur radio broadcast. Miss Nancy Segar won first place and Miss Joyce Peacock, second place, in the "stop the music" contest. Approximately 40 persons were present.

The banyan tree has an interesting way of growing. The trunk puts out branches from which hanging roots begin to grow. These roots increase in length until they reach the ground where they take root and develop into new stems or trunks.

Come to Church

The churches of the Everglades extend a warm welcome to every person to attend church on Sunday. You'll get a deep satisfaction out of attending the church of your choice. With the beginning of a New Year there is no better time than NOW to make a resolution to do a better job attending church in 1950 than you did in the year past. You'll personally enjoy the wonderful messages of faith which are in store for you during this good year ahead. Today, make a resolution that one hour out of the week's 168 will be devoted to church services. Can you do less? Watch the columns of The Everglades News for church announcements weekly. The Lake Region is blessed with a group of fine churches. Your attendance will make the work of these churches more successful.

ABOUT PEOPLE

Mr. and Mrs. John Bolton are planning their annual vacation from their duties at Bolton's Drug Store in Pahokee. John and Margaret have a long-time habit of taking off for the mountains along in July and this summer will be no different. They plan to close their store on the night of July 3rd and return after their vacation and open for business on Wednesday morning, July 26. The Boltons usually go to the Carolinas and this year's plans call for a duplication of past year's vacations.

Harold Rosenberg of the Pahokee Drainage District office in Canal Point reports this week that his staff is short one man since John D. Rogers is serving on the federal jury in Miami. At the Rosenberg home in Canal Point Mr. and Mrs. Frank Burkett and children of Detroit are visiting for a couple of weeks. Mr. Burkett is Mrs. Rosenberg's brother.

John Chandler is putting the finishing paint touches on the store formerly occupied by Pahokee Dry Goods Store in Pahokee. Owner Cricket "W. A." Cross has spent a lot of good money remodeling the store-building throughout. Big Lake Store Owner Middleton will open a dry goods store in the building around the first of July. The entire building, since the remodeling and repainting, lends an air of attractiveness to the area in which it is located.

Engineer Eddy of the Sanitary Department of the State Board of Health was in Pahokee on an inspection trip on Monday of this week. While here he accompanied County Sanitary Inspector Clyde Brown on an inspection trip of the Pahokee swimming pool. Since alterations have been made and other rules and regulations complied with by the City of Pahokee, the pool has been given a State Okeh by Sanitarian Eddy. Parents will be happy to know that at last the pool has met state specifications and is now on the big time list.

Next Monday night at the regular meeting of the Canal Point Lions Club County Commissioner Paul Rardin will hand over the key to the new Scout hut to the scoutmaster, Charles Jones. In the county park building program in Canal Point the Scout hut was the first project to be finished. Painters Loel Lence, Cleo Brooks and Julian Hodges put the finishing touches on the Hut last week and made it ready for use by the Scouts. Canal Point Lions count the Scout Hut as one of their projects for the year ending June 30. Lion President Roswell Harrington and his group of working Lions have another project worthwhile to chalk up for the past year—street lights for Canal Point. Not bad for one year!

At Glades Mercantile Company in Pahokee—operated by Joe and L. G. Alderman—workmen have been busy for the past week under the direction of Homer Barnes, putting in a new foundation. Through the years the piling have rotted and the job of replacing them will soon be completed. Seeing the front of the store boarded up brought on more questions and L. G. explained that an entirely new front will be built after the piling job is done. L. G. will look after installation of the front himself.

About fifteen years ago a Pahokee merchant had an idea about a skating rink for this area. So, he built one. A dandy, with hardwood floors etc. Enthusiasm faded for skating so the building was converted into a paint shop. (Do you remember who built the building?) Later the Elks lodge bought the

property and converted it into a lodge and club rooms. Recently it was decided that the piling and foundation should be replaced. Under the watchful and capable eye of "Little Buck" Buchanan a crew of workmen has completed the job. Those Elks who thought that maybe—the lodge might build a new building, will be disappointed to learn that the present building—after its overhaul—is good for many more years.

A new home is being built on Bacom Point road by Mr. and Mrs. Robert Apelgren who will move here from Miami. Mrs. Apelgren is the former Miss Virginia McClure, daughter of Mr. and Mrs. O. B. McClure of Pahokee. The home is a two bedroom concrete block structure and is located just south of the Adams store on Bacom Point Road.

Donnell Takes Over—

(Continued from page 1)
Florida came the third candidate; and it turned out that he was the winner—Ex-circuit Judge E. B. Donnell of West Palm Beach with dozens and dozens of years of seasoned political campaigning behind him. The Judge towered head and shoulders (6 feet 4 inches) above all to whom he extended a friendly hand of greeting. Reserved and modest the ex-jurist won support by his sincerity and his declaration that he wanted to be chairman "for the good of the party." His sincerity and honesty of purpose—along with the fact that he was an ardent Smathers supporter—won him the chairmanship of the committee.

Called for 10 o'clock the election was a couple of hours behind schedule. Preliminaries had to be taken

care of by introductions, speeches of welcome and the response. Credential checking consumed the majority of the two hours delay. The presiding officer first announced 123 qualified delegates present and ready for voting. After the first vote was taken for chairman and Donnell had 62, Hodges 32, Peoples 21—a total of 125, a hasty check was made by the secretary who found two qualified delegates' names written on the margin of one sheet of paper. The decision was that 125 qualified delegates were entitled to vote—with Judge Donnell missing election on the first ballot by one vote.

Peoples was eliminated on the first ballot and the run-off was between Donnell and Hodges. Peoples wanted Hodges to withdraw and make the election unanimous but the Lake City youth and his supporters decided against withdrawing and went into the run-off, only to be defeated by Donnell 75 to 50. Mrs. Thelma Sheffield of St. Petersburg was named vice chairman over Pepper-Supporter. Mrs. Lucille Tally of Tavares by a vote of 65 to 59.

J. Irvin Walden of Sarasota retained his job as secretary-treasurer over the bid of Hub Spooner of Clewiston who cut his eye teeth in politics in seeking to unseat the Sarasota man.

FELLOWSHIP GROUP

The Pahokee Senior Youth Fellowship Group at a recent meeting elected the following officers for the coming year: George Rozelle, president; Rita Fay Hurt, vice president; Joan Rosenberg, secretary, and Margaret Shirley, treasurer.

Christopher Columbus became a sailor at the age of fourteen.
